Planholders' List

Because the Contract Documents are available online, neither the City of Seward nor Michael L. Foster & Associates has a complete record of general contractors, subcontractors or suppliers that might be interested in bidding this project. However, as a courtesy to those interested, we are providing contact information for parties that have purchased documents from the City, expressed interested in being "registered" as planholders, attended the pre-bid conference in Seward on September 14, or have contacted The Plans Room in Anchorage.
